

MP 166 SNIK Maintenance

Person in charge / Employee

Konrad Höffner, Thomas Pause

Project Description

Maintenance of the SNIK Ontology and SNIK Graph

Progress compared to last presentation (Jan 13)

SNIK Ontology: 6 issues resolved

SNIK Graph New Features

- release v1.6
- hide meta by default for less clutter
- show progress indicator on search

SNIK Graph Bugfixes

- unusable star
- star on compound node in subgraph
- unusuable hide operation
- failing tests

Open Points / Next Planned Steps

- Ontology: 36 open issues in milestone 0.9.3 (53 in total)
- SNIK Graph: 3 open issues in milestone 1.7 (29 in total)

Event Date Forecast

SNIK jour fixe every 3rd Tuesday at 9.00
4 hours weekly maintainance

Escalation / Decision Needs

- Keep compatibility with 2016 browsers in SNIK Graph?
- Keep mobile zoom slider in SNIK Graph?
- Future of IT4IT: Workshop with ST?
- IT Service Management double lecture issue at 2020-02-11/13?
